Pneumatic Tyre Forklifts | 1,500kg - 3,500kg

About Yale

Yale's Veracitor™ series forklifts have been engineered to provide reliable, long lasting performance and durability. Equally important is they are backed by a regional dealer network which shares the manufacturer's commitment to Yale® maintenance and parts support that is highly dependable – and highly competitive over the whole life of the truck.

As you would expect from Yale, the Veracitor™ Series forklift has the following benefits:

- Manufactured to ISO Standards
- Variety of engine options in Diesel and Petrol/LPG
- Lower cost of ownership
- Superior ergonomics
- Operator comfort
- Backed by an extensive dealer network
- Aftermarket service and support

Yale® dealerships provide flexible truck servicing solutions and are linked to one of the industry's most sophisticated parts distribution operations. You'll find support for Yale® Veracitor™ forklifts throughout the Asia-Pacific region – provided by a big regional footprint stretching from Australia and New Zealand on through Singapore, Malaysia, Indonesia, Thailand, South Korea, Taiwan, Vietnam the Philippines and Guam.

OPERATOR COMPARTMENT

Ergonomically designed, fatigue reducing operator compartment enhances overall productivity. Features include: easy access step, increased foot space, well positioned foot pedals, fully adjustable seat and steering wheel, insulated engine cover and optional low effort Accutouch™ Electro Hydraulic controls.

SIGNAL LIGHTS

Shields are installed on all signal lights, strobe lights and rotating beacons so that operators eyes are protected from distractions.

REDUCED SERVICE INTERVALS

Service intervals for planned maintenance have been extended to 500 hours for Diesel Engines and 300 hours for Petrol/LPG.

YALE HIGH VIS™ MAST

Excellent operator visibility through the Yale High Vis™ Mast means that the operator can travel in a forward direction with greater confidence.

YALE STABILITY ENHANCEMENT

Yale's Continuous Stability Enhancement (CSE) allows the Veracitor™ to travel on uneven surfaces with greater confidence and higher productivity.

ISOLATED POWERTRAIN

The isolated powertrain and quiet engines reduce noise and vibration, minimising operator fatigue and improving comfort.

Veracitor™ Series Features

MADE IN JAPAN

YALE ACCUTOUCH™ ELECTRO HYDRAULIC CONTROLS

The optional Yale Accutouch™ Electro Hydraulic controls offer excellent ergonomics with shorter reach and throw. They require considerably less effort to operate compared to conventional cowl mounted levers.

ERGONOMIC SEAT

Operator comfort is enhanced through an advanced ergonomic seat with backrest tilt adjustment and adjustable steering column.

SWING DOWN GAS TANK

The swing down gas tank bracket is standard on the Veracitor™ series with LPG engines. The LPG tank swings out and drops down for virtually effortless removal and replacement.

EASY OPERATOR ACCESS

Increased foot space, shoulder clearance and an easy on-off step access for operators ensure operator accessibility and safety upon entry and exit.

OFFSET STEERING COLUMN

The steering column is offset to the left to provide ideal left hand steering while the small diameter steering wheel greatly reduces the risk of shoulder injury.

RATED LOAD v LOAD CENTRE STANDARD CARRIAGE

RATED LOAD v LOAD CENTRE INTEGRAL SIDESHIFT CARRIAGE

Standard Features & Optional Extras

STANDARD	OPTIONAL
FRONT END EQUIPMENT	
2-Stage limited free lift High Vis™ mast with 3,000mm maximum fork height Hook-type carriage with 1070mm high load backrest (LBR) 920mm long forks (GP/GDP/GLP15-20AK) 1,070mm long forks (GP/GDP/GLP20-35RK/TK)	2-Stage limited free lift High Vis™ masts with up to 5,000mm lift height 2-Stage full free lift High Vis™ masts with up to 4,100mm lift height 3-Stage full free lift High Vis™ masts with up to 6,000mm lift height Integral side shift (ISS) carriage Fork lengths are available from 920mm to 2,120mm
ENGINE/ DRIVETRAIN/ BRAKES	
Mazda 2.0L Petrol/LPG engine on GP/GLP15-20AK, GP/GLP20-25RK Yanmar 2.6L Diesel engine on GDP15-20AK, GDP20-25RK Mazda 2.2L Petrol/LPG engine on GP/GLP20-35TK Yanmar 3.3L Diesel engine on GDP20-35TK Automatic transmission with: • Mechanical inching • Neutral start function Lever directional control Self-adjusting drum brakes	Neutral start function Heavy duty clutch Foot Directional Control (FDC) Heavy duty drum brakes (GP/GDP/GLP20-35RK/TK only)
CONTROLS & INSTRUMENTATION	
Separate inching and brake pedals 3-function cowl-mounted hydraulic controls LCD panel with: • Hour meter • Fasten seatbelt indicator • Fuel level with low fuel audible alarm (Petrol and Diesel fuel only) • Real time clock Service Indicators: • Service required • Error message • Coolant temperature with high temperature warning buzzer • Alternator with warning buzzer • Transmission oil temperature with warning buzzer • Engine oil pressure with low pressure warning buzzer • Glow lamp (Diesel fuel engine only) • Sedimeter with warning buzzer (Diesel fuel engine only)	Combined inch/brake pedal Accutouch™ electro-hydraulics fingertip controls with adjustable armrest Return-to-vertical control Password start with key switch Speedometer with speed alarm and warning buzzer Travel speed limiter Digital load weight display
SEATS	
Non-suspension vinyl seat (Asia) Full-suspension vinyl seat (Australia)	Non-suspension vinyl seat (not available with Accutouch™ controls) Semi-suspension vinyl seat Full-suspension vinyl seat
CABIN	
Standard Over Head Guard (OHG) with rain gutter 78 dB(A) standard noise level for Petrol/LPG engine option 80 dB(A) standard noise level for Diesel engine option	Lexan cover on top of Over Head Guard (OHG) Roll-down fabric cabin with top, sides and back Front glass with wiper Front glass with wiper and washer Heater Full enclosed cabin Rear drive handle with horn button
ENVIRONMENTAL	
High air intake Horizontal exhaust Serpentine core radiator	High mount pre-cleaner Dual element air filter for Petrol/LPG engine option Tandem air filter for Diesel engine option Vertical exhaust 2-way catalytic muffler with open loop system 3-way catalytic muffler with closed loop system Spark arrestor muffler Anti-clog square-fin radiator with lint screen Heavy duty square fin radiator
OTHER	
Electric horn Rubber floor mat Integral tie downs Operator's manual Operator's seat belt Reverse beeper – 90 dB(A) Infinitely adjustable steering column Key starting with anti-restart function Continuous Stability Enhancement™ stability system Hydrostatic steering with return-to-straight steering knob Easy tank bracket swing-out, drop-down LPG cylinder bracket 2 front head lights 2 front turn indicators 2 rear combination (turn indicators, reversing and brake) lights ISO 3691/JIS D 6202 compliance ISO 3691/AS2359 compliance (Australia only) 12 months/2,000 hours manufacturers warranty	Hydraulic cut-out seat interlock (prevents use of hydraulics when operator is not on seat) Traction cut-out seatbelt interlock (prevents travel when operator seatbelt is not used) Rotating flasher beacon (standard in Australia) 2 rear vision mirrors (standard in Australia) Self adjusting reverse beeper – 82-102 dB (A) variable level LED rear combination (turn indicators, reversing and brake) lights Rear working light (switch or reverse operated) Lifting eyes Fire extinguisher (Asia only)
